

# WHOSE FAULT IS IT?

- YOU SCREWED THINGS UP
- YOU HAD ONE JOB, AND YOU BLEW IT
- NOW... IS IT JUST YOUR FAULT, OR IS IT SOMEONE ELSE'S FAULT TOO?
- TRY TO ESCAPE YOUR BOSS'S WRATH!

## RULES:

- explain why that other person is to blame (in English)
- your boss won't believe you if...
  - you make too many mistakes
  - you hesitate for too long
  - your excuses were mentioned earlier in the game
  - you don't treat him/her with respect
- you have three opportunities to convince your boss that you're not the only one to blame.  
Otherwise... YOU'RE FIRED!

Good luck!
